**Date:** August 31, 2015

### ***Bainbridge Island, WA –***

#### **County Wide Burn Downgraded Effective 8-31-2015**

Effective Monday, August 31, 2015, the Phase Two burn ban has been lifted. Recreational fires that are less than three feet in diameter and at least 25 feet from buildings and combustibles are allowed at this time as well as fires in outdoor fireplaces and campfires in approved locations in campgrounds.

Current and predicted weather conditions will reduce wildfire potential in our area.

If you have a recreational fire, be sure and follow these basic safety rules. Always clear dry grass and other combustibles away from the fire area, always have a garden hose or other means of extinguishing the fire readily available and never leave a fire unattended.
