

Kayakers: Please put your name and phone number on your kayak. Also include an ICE (in case of emergency) contact number. We respond to a lot of calls for missing or unattended kayaks, or from people who see what appears to be a kayak adrift, with no person visible. It takes time and resources to search for potential missing people. When you add your name and phone number to your kayak, it is easier for us to determine if a person is missing. And please always wear your PFD when on the water!
